

*Dear California Legislative Staff Member:*

*Sierra Club California cordially invites you to attend an environmental briefing:*

**“Are We Fracking for Oil and Natural Gas in California?”**

Hydraulic fracturing (fracking) has gained nationwide attention for its serious environmental impacts. While most attention has focused on natural gas fields in other parts of the country, California has its own fracking activities and risks.

*Presented by:*

*Bill Allayaud,                      &                      Jennifer Krill,  
Environmental                      Earthworks  
Working Group*

*Date: Thursday, March 22, 2012*

*Brown Bag Briefing  
(Bring your own lunch): 12:30-1:30 p.m.*

*Where: Capitol Building, Room 125*

This briefing is sponsored by Sierra Club California and allied organizations as part of the Protect California Campaign, a no-regrets campaign designed to educate government officials and opinion leaders about the work left to be done to protect California's environment.
