

Dear California Legislative Staff Member:

Sierra Club California cordially invites you to attend an environmental briefing:

“Timber Harvest Plans: The Good, the Bad and the Ugly”

Timber harvest plans are supposed to be the forest equivalent of an environmental review document, designed to ensure that environmental impacts of logging are identified and mitigated. That's the theory. This panel will discuss how they really work in practice.

Presented by:

*Sarah Matsumoto,
Sierra Club*

*Rob DiPerna,
Environmental Protection
Information Center*

Date: Thursday, May 10, 2012

Briefing time: 12:30-1:30 p.m.

Where: Capitol Building, Room 115

This briefing is sponsored by Sierra Club California and allied organizations as part of the Protect California Campaign, a no-regrets campaign designed to educate government officials and opinion leaders about the work left to be done to protect California's environment.
